tammy fender holistic facial

Celebrity facialist Tammy Fender gives guests at **The Spa at the Breakers** (Palm Beach, FL) the star treatment with her customized Holistic Facial (\$175, 50 minutes; \$310, 80 minutes). This organic skincare service begins with a thorough cleansing using her custom-blended vitamin- and mineral-rich concoctions. The purifying process follows, starting with the Lavender & Fo-Ti Cleansing Milk and moving on with Roman Chamomile Tonic, which balances, soothes, and hydrates the skin. Epi-Peel, an all-in-one mask, peel, and exfoliant, is then applied. The application of nourishing Quintessential Serum follows the Epi-Peel's removal. As a final replenishing touch, Intensive Repair Balm or Antioxidant Crème is applied, allowing clients to walk away from their facials with a glow that reveals them to be the stars they are.
