Hold the Line

Palm Beach dermatologist Layne Nisenbaum understands that no two skin types are alike—hence his **Prescribed Solutions** line of customized antiaging products. Line Subtractor (\$82), a potent blend of vitamin C and hyaluronic acid, stimulates collagen production and reduces wrinkles. Available at Island Dermatology, Palm Beach. (561-832-1950, islanddermatology.com)

Rose Gold

Aesthetician **Tammy Fender** has a loyal following among society and celebrity circles, so it's only natural that her products are equally sought-after. Her signature formulation, Bulgarian Rose Water (\$65), is a balancing, restorative tonic with essence of precious Bulgarian rose. Available at Tammy Fender, West Palm Beach. (561-655-9991, tammyfender.com)

Straight to the Point

All anyone with curly hair wants is a straight, smooth do—at least occasionally. Zaven Kazan has the answer: **Zaven Straight Up Smoothing Glaze** (\$17). Made with natural ingredients like kiwi, vitamin A and wheat protein, it actually reduces frizz as it straightens. Available at Zaven Kazan, Palm Beach Gardens. (561-630-0506, zavenkazan.com)

Home Grown

Our favorite products from Palm Beach's own beauty gurus

Scrub It In

Fresh ingredients and low processing make for better products. Tequesta-based **Product Body** gets that. Their new Pumpkin Scrub (\$22) silken the body with macadamia nut oil, shea butter and ultrafine sugar. Available at productbodyshop.com. (561-747-7977)

Ecocentric

Verde: The name says it all. The West Palm Beach company produces ecologically sound soy candles and soaps with nothing toxic or artificial. We love the Windowpane Lavender Aromatherapy Candle (\$18), which is as pure as it is calming. Available at Hippocrates Health Institute, West Palm Beach. (verde-products.com)
